# PUZZLES WERE CATARRH ANNOYING-DANGEROUS

Catarrh is usually regarded as nothing more serious than a bad cold or slight inflammation of the inner skin and tissues of the head and throat, when it is, in fact, not only a vexatious and troublesome disease, but a complicated and dangerous one. It is true that Catarrh usually begins with a cold in the head, but when the poisons, which are thrown off through the secretions, find their way into the blood; it becomes a constitutional trouble that affects all parts of the body. It has more annoying and disgusting symptoms than any other disease. There is a sickening and offensive discharge from the nostrils, a constant buzzing noise in the ears, headaches and pains in the eyes are frequent, while filthy, tenacious matter drops back into the throat requiring continual hawking and spitting, and in certain stages of the disease the breath has an odor that is very offensive. Catarrh is worse in Winter, because the cold weather closes the pores and glands, and the poisons and unhealthy vapors which should pass off that way are thrown back on the tender linings and tissues, causing the inflammation which starts the unhealthy secretions to be ab-

These relieve the annoying symptoms for a time, but the poison is all the while getting a stronger hold on the system and when they are left off will manifest itself in worse form than before. S. S. S. is the greatest of all blood purifiers, and when it has cleansed the blood, this pure, rich stream circulates through the body, carrying healthful properties to the diseased parts. Then the inflamed membranes and tissues begin to heal, the dis-

charges cease, the general condition of the system is strengthened, every one of the annoying and disgusting symptoms pass away, and the patient is left in perfect health. S. S. S. is the best remedy for Catarrh. It goes right into the blood and removes all effete matter and catarrhal poison and cures the dis-

ease permanently, and at the same time builds up the entire system by its fine tonic effect. S. S. S. is a purely vegetable remedy-non-injurious to the system and a certain, reliable cure for Catarrh.
